EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with David Crawford on 2/16/05.

The application has been amended as follows:

In claim 6, line 15, "after region" and before "; and", insert: --, wherein an impurity concentration of the p-type buried region is lower than that of the n-type semiconductor resistance region and higher than that of the compound semiconductor substrate in order to set a complete depleted state—.

The following is an examiner's statement of reasons for allowance: Prior art could not be located that taught the above added limitation. This limitation, in conjunction with the other claim limitations, was neither disclosed in, nor suggested by, the prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to David A. Zarneke whose telephone number is (571)-272-1937. The examiner can normally be reached on M-F 7:30 AM-6 PM.
